## Our Decorative Department

OUR DECORATIVE DEPARTMENT is the growth of an idea.

A great many people who appreciate and want artistic homes, are not able to select the materials or the harmonious combinations of color which make a home a place of rest and good taste. Busy with other interests, few have had the opportunity to investigate possibilities of sane decoration. Thorough knowledge of materials and subject is necessary.

We are in position to give you the services of highly paid architects, expert designers and decorators. If requested, we will gladly plan the kind and color of your furnishings, and they need not be necessarily expensive. We will help you plan a single room in simple style or give you color schemes for the painting of the exterior of your home.

No matter what you may have to finish or re-finish, we will be pleased to offer suggestions to make the work a success and satisfactory to you. This service is furnished free of cost to you.

**HOUSE CLEANING**—A word about SOAP. In going over painted or varnished surfaces, avoid alkali and strong chemicals which in removing dirt, destroy the life of the finished surface. FLAXOAP is made of pure Linseed oil and will do the double service of cleanser and polisher. With FLAXOAP it is not necessary to "rub and scrub to death" either the varnish or yourself.

## Republican State Convention

A Republican State Convention will be held in City Hall, Bangor,

Wednesday, April 10, 1912

At 2 o'clock p. m. for the purpose of selecting six candidates for electors of President and Vice President of the United States, and four delegates at large and four alternates to attend the National Republican Convention to be held in the City of Chicago, in the State of Illinois, on Tuesday, the 18th day of June, 1912.

Also to formulate and adopt a declaration of principles and platform for the election next ensuing, to elect a state committee, a district committee for each Congressional district, and a county committee for each county.

Also to transact any other business which may properly come before the convention.

The basis of representation will be as follows: Each city, town and plantation will be entitled to one delegate, and for each 25 votes cast for the Republican candidate for Governor in 1908, an additional delegate, and for a fraction of 40 votes in excess of 75 votes, an additional delegate.

Vacancies in the delegation of any city, town or plantation can only be filled by a resident of the county in which the vacancy exists.

The District Committee will be in session in the reception room of the hall at one o'clock in the afternoon for the purpose of receiving the credentials of the delegates.

Delegates in order to be eligible to participate in the convention must be elected subsequent to the date of the call for this convention.

For order District Committee, FRANK W. WRIGHT, Chairman, FREDERICK R. DYER, Sec'y.

MR. LEONARD'S CANDIDACY

George L. Leonard, Monday, filed direct primary nominating petition at the department of state as a candidate for representative to the Legislature from Rockland. The petitions are signed by Fred H. Eastman and 34 others of Rockland. Under the new appointment of representatives in Knox county, Rockland has two representatives instead of one, as formerly, and Mr. Leonard is first in the field. It is understood, however, that Oliver Otis, who is one of the representatives from Rockland in the present Legislature, will contest the Democratic nomination at the primaries with Mr. Leonard.—Kennebec Journal.

Will Interest Orchardists

Augusta, March 2

Maine Department of Agriculture.—In order to successfully demonstrate spraying and pruning throughout the fruit sections, we must have the co-operation of the growers. No matter where you live, or how good your orchard is, if we can help you and the nearby growers, we want to do it. Write in to this Department and we will arrange dates satisfactory to each. We will bring all the materials, apparatus, etc., and desire only interest in the work after we get to the orchard. Don't delay, but send in requests as soon as possible.

## ROOSEVELT'S CANDIDACY

Varying Opinions Regarding the Propriety—It Comes from the West and Middle West

The Courier-Gazette has already published editorial expressions from eastern newspapers concerning the Presidential candidacy of Col. Theodore Roosevelt. More interest, however, is felt as to its reception in the West and Middle West, where the Colonel's strength is supposed to lie. Here are some editorial views from those sections:

Real Progressives

San Francisco Cal. (Rep.)—These [California] progressives, and the thousands of bona fide progressives who have fought with them unselfishly and untriflingly for principle and not for jobs, were for Taft four years ago because they believed that he was the greatest exponent of their principles. They are for him now because as President he has made those principles into governmental policies, backed with the coercive sanction of statutes and the strong hand of the Executive. They are for President Taft because he has worked out the reforms that his predecessors made the subjects of innocent essays. They are for President Taft because he has substituted progressive practice for progressive phrase, because progressivism means to them something more than oratory.

Platform and Campaign

Ohio State Journal (Rep.)—Roosevelt's position on the initiative and the referendum, the recall and the appeal to the populace against court decisions is widely opposed, and the conflict will largely consist in showing the people that these doctrines are dangerous. The line of battle is already drawn, and it seems so deep and distinct that great labor will be required to effect it, if it will be at all possible. And there is where personal attachment will dominate party hazard.

"Fluid" Constitutions

Indianapolis News (Ind.)—Now it seems to us, that it is time for sober minded Republicans everywhere to ask themselves whether these doctrines [Mr. Roosevelt's] are truly Republican, and if they are not, whether they ought to be made Republican. Do the Republicans of this state believe in "fluid" constitutions, in the initiative, the referendum and the recall? They are not articles of the Republican faith. Nor up to the present time has the Republican party ever declared itself in favor of a "pure democracy."

Republicans Won't Follow

Salt Lake Herald-Republican (Rep.)—Roosevelt's espousal of the initiative, the referendum and the recall of judges and their decisions, the practical elimination of the judicial and the legislative branches of the government, with the elimination of an unlimited and unchecked Executive power, takes him into territory whither the West cannot follow him. Much as the citizens of this Western country admire him, they recognize the platform which he outlined in his Columbus speech to be revolutionary; it would remove from the smaller states of the West the protection which the Constitution gives them through the three coordinate branches of government, and his practical obliteration of state lines is so subversive of the principles upon which that Union of States was founded that the hearty support which the West has always given him must be withdrawn.

A Supporter's Eulogy

Topeka Capital (Rep.)—Whether T. R. is ever elected President again or not, his defence of democratic idealism and his clear setting forth of the doctrines of 1776, which at times have been highly thought of in this country, are worth more than a bumper wheat crop. Some people are hearing these doctrines for the first time and being impressed with them.

Percentages in Iowa

Des Moines Capital (Rep.)—It is predicted that Taft will have at least 160 of the 187 delegates in the forth-

coming Appanoose County Republican convention. That seems to be the usual Taft percentage through the state so far as the situation has been canvassed.

No Personalities

Cleveland Plain Dealer (Ind.)—As far as references to each other are concerned the two principles in the Republican convention campaign must necessarily be mild and cautious. Neither Mr. Taft nor Colonel Roosevelt is in a position to enter upon a roughshod contest. Each may oppose the other's political principles with considerable vehemence, but anything remotely verging on personality is not to be expected.

Issues Sharply Drawn

Toledo Blade (Rep.)—The virile, patriotic declaration of Colonel Roosevelt placing himself at his party's call has drawn the issue sharply. Evasion and indecision are at an end. The Republican party must make the choice—and now. It is a brave thing that Roosevelt has done in striding back into the battle line. He has tasted more of world-wide adulation, has gathered more of world-wide honors than any other man in all the record of human activities. Another election to the Presidency can add nothing to the pages he is to have in history. From the selfish viewpoint he has all to lose and nothing to gain by this battle for the people, which he has undertaken to lead at the people's command.

Mr. Taft's Right

Omaha Bee (Rep.)—To those who have been watching the current of political events the Roosevelt announcement is not at all unexpected, although it is more unconditional in form than any one would have predicted. None will deny that Colonel Roosevelt's personality has a wonderful hold upon the mass of people. But Mr. Taft has likewise been an honest, conscientious and courageous President, and has made an enviable record of achievement, for which he has a right to ask the customary endorsement, just as did President Roosevelt at the end of his first term.

"No Doubt of Result"

Chicago Inter Ocean (Rep.)—Presumably Mr. Taft at least understands that his former friend, to whom he owed so much, has become an enemy on his destruction. Pre-

## INCREASED TEN MILLIONS

"What's the Matter with Maine?" Appears to be Answered by State Assessors Report—More Cows and Sheep, Too

The annual report of the state assessors has just been presented. Included with this report is the report of the delegates to the international tax association conference. The entire report consists of six parts, of which the report proper and the tax conference report is the first; the tabulated returns of valuations from the counties of the state is the second; the recapitulation by counties on money at interest, bank and trust company stock and property of various kinds is given in the third part; the fourth part gives the comparison of the valuations of the different cities, and towns for the past four years; part five gives the tabulated returns on the live stock in the counties of the state while the sixth part shows the taxes assessed upon railroads, insurance companies, etc., corporations taxes and the authorized capital stock of the same.

The total valuation of the cities, towns and plantations, on April 1, 1911, amounted to \$404,307,651, showing an increase of \$10,346,243 over the valuation of April 1, 1910. This gain is particularly gratifying, following as it does the phenomenal gain of 1910. The gain in real estate is \$8,257,294, in personal estate is \$2,088,949, a total of \$10,346,243. The valuation of the twenty cities 1911 was \$18,262,527 as against \$17,229,627 in 1910, an increase of \$1,032,900. The increased valuation of the cities represent about 48 per cent of the total gain.

Number of towns and plantations showing no debt April 1, 1911, 340; number of towns and plantations showing no debt April 1, 1910, 274; increase, 36.

Amount of taxes assessed on property in the several cities, towns and plantations for state, county and local purposes, \$9,173,700.

Average rate of taxation \$2.60 per \$1000. Average rate assessed on polls \$2.68.

Real estate of railroads taxed locally 1911, \$1,259,445; in 1910, \$1,248,475, an increase of \$10,970.

Value of automobiles in 1911, \$1,945,687; in 1910, \$1,393,990, an increase of \$551,697. It is reasonable to anticipate a material gain in this class of property in 1912, on account of the large number of automobiles bought in the state after April 1, 1911.

According to the report the amount of live stock in the state in 1911 was valued at \$15,809,278 as compared with a valuation in 1910 of \$15,247,490, an increase of \$561,788. License may be the blessing that some of its advocates claim for it, but the result of the Tuesday elections in Vermont gives a different impression. Since Vermont adopted its present local option law in 1903 there has been a steady growth in the sentiment against the open saloon. That year 92 cities and towns voted for the saloon, while this year but 20 of the 246 cities and towns were recorded in favor of license. Last year the number of license places was 29. Of the 14 counties in the state six are to be without the saloon this year. According to press dispatches Washington County in which Montpelier, the capital of the state, is situated, is to be without a single saloon. Brattleboro, one of the largest towns, piled up the largest "No" majority in the ten years of local option in that state, the vote being 730 for no license and 300 for license. In Burlington, the largest city, the license majority was greatly reduced, being 271 as compared with 717 a year ago. Four cities and 16 towns voted for license.

Only five members of the Massachusetts Senate had the courage to oppose the bill which gives the voters a chance to express their "Presidential preference." Men differ as to the need and value of the primaries, but if the system is to be used at all it should be made to apply to Presidential candidates as well. There could be no possible appeal from the decision of the whole people.

Col. Roosevelt is serving as foreman of a supreme court jury in Mincola, Long Island. This is interesting, but the public just now is manifesting more concern as to what the supreme jury of Republican voters will do about his own case in the next three months.

The Rockland Y. M. C. A. enters upon another year of its existence today. May it be marked by increasing prosperity and the continuance of the splendid work which the institution has done for Rockland.

## ELECTED NEW PRESIDENT

Willis I. Ayer Now At Head of Rockland Y. M. C. A.—Secretary Brunberg's Resignation Offered—Enthusiasm at the Banquet

The annual banquet of the Rockland Y. M. C. A. Thursday night was the largest event of that kind in the history of the Association—the largest in fact that the present conveniences will permit. Surrounding the well-laden tables were 100 men ranging in age from Gen. Gilley, the oldest member of the local Y. M. C. A. to youngsters of the Junior department just entering upon the joys of life. The supper was served by the Ladies' Auxiliary and was a very satisfactory exhibition of their prowess. Excellent music was furnished by the Y. M. C. A. orchestra.

Edwin H. Crie, the retiring president, officiated as toastmaster and the several speakers were aptly introduced.

First on the list was ex-Mayor F. C. Knight, the first man to give \$100 when the association was organized in 1904. He was followed by Mayor C. A. A., who in 25 years ago, "I never spent any money which brought better results," declared Col. Knight, in response to this introduction. "It has been a grand good thing for our boys and for the whole city. One thing needed as good as a new home, however, is a good handsome endowment."

General Manager Thomas Hawken was asked to say something about the ball team which he has officiated to wrest the championship from the Y. M. C. A., but this he shifted onto the shoulders of Supt. Chisholm—who was not present. In a brief but excellent address he expressed his belief in the necessity of discipline. Young Americans are living in a glorious age. The chances for a young man to become great were never so good as they are today. In closing Mr. Hawken advised all young men to become good citizens—honest and not afraid to work.

H. W. Huke, called upon for a speech, modestly contented himself with endorsing Mr. Hawken's remarks.

Rev. Carl N. Garland said that the Y. M. C. A. in the past 25 years had been one of the most potent factors in bringing men of high uplifting influence together. It has been able to get together men of the churches and men of no church, who have been able to formulate plans that look to the uplifting of the boys. Mr. Garland congratulated the Association upon its splendid vision of the morrow.

Arthur Richardson, asked to speak of the Boy Scouts, said that the movement in Rockland is at a lull, because of the departure of C. W. Bradley, Jr., who acted as scoutmaster. There is no reason why it cannot be revived, however, if someone can be obtained to act in that capacity. Other cities employ a scoutmaster who devotes his entire time to the work, Mr. Richardson said.

Supt. A. G. Stuart aroused a deal of interest by his novel suggestion as to the manner in which he believed funds can be raised for a new Association building. This in brief, is to ask citizens to contribute for 10 years an amount equivalent to 10 per cent of the taxes they pay to the city. He believed many men could be found who are willing to do that. The expectations of the Democratic state leaders received a severe jolt in Monday's municipal elections, all of which, with the possible exception of Rockland, were expected to show Democratic victories.

Three of the 10 cities which voted that day gave clean Republican majorities, and in four others the average Democratic plurality was less than 15. Analyzed from that standpoint alone the expected Democratic victory in the cities was rather a fizzle.

But even sadder does it seem when compared with the vote of the same cities in the last state election when Gov. Plaisted received nearly one-half of his plurality from that source. The above figures tell their own story, and are summarized by the Kennebec Journal as follows:

The total Democratic vote for governor in 1910, in the ten cities which voted Monday, was 10,044.

The total Republican vote in the same cities, that year, was 6707.

Net Democratic majority, 3337.

The total Democratic vote for mayor in Monday's elections, in these ten cities, was 8865.

The total Republican vote for mayor on Monday was 7529.

Net Democratic majority, 1338.

Republican gain in these ten cities since September 1910, is 1999 votes.

The most significant feature in these figures is the fact that the total Democratic vote in the cities has fallen off 1177 votes; while the Republicans have gained 822 votes.

A brief summary of the municipal elections exclusive of Rockland's, which has already been described in this paper is as follows:

property would receive the benefit, he declared.

The annual business meeting held at the close of the postprandial exercises proved one of unusual interest. Willis I. Ayer was elected to the presidency, and brings to that position an active daily interest in Association affairs, and great popularity with its members.

A surprise was sprung upon the meeting when A. E. Brunberg, who has served as general secretary of the Association for nearly 20 years, offered his resignation. This proposition evoked a prompt protest, but in the end it was left with the president to appoint a committee of five to consider the matter. Mr. Brunberg being committed in a pending decision. Other officers were elected as follows:

Vice president, L. N. Littlehale. Recording secretary, Charles H. Morcy.

Treasurer, Richard A. Rhodes. Auditor, Almon Bird. Directors—E. H. Lawry, E. M. Stubbs, J. C. Perry, A. W. Butler, L. S. Robinson, W. O. Fuller, A. W. Gregory, C. H. Morcy, R. W. Bickford, R. A. Sweet, R. Anson, Crie, Robert L. Collins, C. S. Bevers, L. N. Littlehale, R. A. Rhodes, Almon Bird, H. C. Chatto, E. H. Crie, V. A. Leach and W. I. Ayer.

General secretary, A. E. Brunberg. The treasurer's report shows a cash balance of \$14 in the treasury. The outstanding bills, amounting to \$25, are more than cared for by membership fees which are due.

Secretary Brunberg's annual report will appear in our next issue.

POLITICAL SHORT NOTES

Twenty-six delegates to the Republican National Convention have been elected since The Courier-Gazette's last tabulation of delegates-elect was published on Feb. 25. Sixty-four delegates have so far been chosen, and all are instructed for President Taft.

Representative Kahn, of California, declares that his state is lining up solidly for President Taft and that reports that the delegation will be attracted for Roosevelt are without warrant.

Week after next N. Dakota holds its Presidential primaries and there is a very animated campaign on to obtain the ten votes that the state will have in the Republican national convention. These votes have generally been conceded to Senator LaFollette up to the time when ex-President Roosevelt cast his hat into the ring but then the situation changed and now the former LaFollette forces are split in two. The voters of North Dakota will go to either Roosevelt or LaFollette but the decision is problematical.

Bath: Mayor Frank A. Small, Democrat, was reelected by a majority of only seven votes, as against a Democratic majority of 596 the previous year. The Republicans elected their ward tickets in all except Ward 5.

Eastport: Jefferson M. Sweat, Democrat, was elected by a majority of 14. The city government is evenly divided.

Lewiston: Mayor Frank A. Morey won his sixth consecutive election by a majority of 1274, and the Democrats carried six of the seven wards.

South Portland: Mayor John A. S. Dyer, was reelected by a majority of 118 a year ago. Republicans control the city government.

Saco: Frank L. Palmer, Republican, was elected mayor by a majority of 48, and the Republicans carried five of the seven wards. Mr. Palmer is the first Republican mayor of Saco in 10 years, and the city government is Republican for the first time in 12 years.

Auburn: Dr. C. E. Williams, Republican, was elected mayor in the fiercest contest the city has ever known. The vote was 1400 to 1365. The Republicans gained one ward, now having four of the five.

Waterville: Mayor William R. Pattangall, Democrat, was reelected by a majority of 249. The Democrats carried five of the seven wards.

Ellsworth: John A. Cunningham, Democrat, was elected mayor by a majority of 23, but the Republicans elected their tickets in four of the five wards.

Hallowell: Mayor Emory O. Beane, Democrat, was reelected by a majority of 97, and Democrats have a majority in the city council.

ROCKLAND THEATRE

Machine Man at Rockland Theatre Next Week

Among the great inventions of the age and one which will compare favorably with any in the display of genuine mechanical skill is Gaanda Humamus. Gaanda walks, rides a bicycle, does mathematical problems, drives an automobile and can skillfully drive a four-wheeled car.

The body is made of aluminum steel and copper, and is one mass of machinery, driven by electric motors, which requires an expert electrician to operate. Gaanda Humamus has made a hit in vaudeville and is a winner.

The above act will make its appearance at Rockland Theatre next Thursday, Friday and Saturday.

The Rockland Theatre will be given over to an ideal round of all that is attractive and delightful in the realms of the stage week of March 18. Comedy, drama, tragedy, farce, romance and even melo-drama will be among the offerings. The productions will be made by Helen Grayce, a charming actress who heads a company that is unusual for its strength and excellence. The round of famous plays commences Monday afternoon with Arizona which will be given Monday night will be devoted to "The Squaw Man," the play that Robert Edson starred in, which is without doubt the most intense play of Western life ever given the stage.

# Woman Her Home, Her Interests.

**A Towel Shower.**  
A towel shower for a recent bride was both practical and acceptable. There were 12 intimate friends, so they each contributed the price of a towel and the hostess purchased one dozen of the same pattern with the large paper-mache letters and cotton for marking.

On the afternoon for the "shower" all came with their thimbles and each girl embroidered a letter on a towel, so when refreshments were served 12 beautiful pieces of linen were placed before the bride.

Just a word as to the wearing qualities of these paper-mache letters, concerning which there seems to be a divided opinion. Personally, I have found them most satisfactory, having used a tablecloth and napkins for nine years that are marked in this manner. If they are closely and carefully worked they will outwear the original material and that is all that is necessary.

The refreshments consisted of lobster salad, hot cheese sandwiches, coffee, olives and salted nuts. A relative, who knew of the shower, sent two guest towels, a pair of bath towels and six wash cloths.

**Shut-in Day Amusements.**  
As soon as a child, girl or boy, is able to handle round-pointed scissors provide a pair, with quantities of colored pictures to cut out. Then, if there is no handy man available, get the nearest carpenter to make a screen or the frame for one; tack cheap paper cambric on the back. Cover the youngster from top to toe with an apron, spread a sheet on the floor, give him a bottle, or better, still, a tube of library paste, they dearly love to squeeze it, and you happily may go your way rejoicing, knowing that several hours will elapse ere the charm of cutting and the joy of pasting will have been lost.

When the screen is full take it out and replace with a fresh piece of cambric. This amusement gives the child ample scope to exercise its originality, and the enjoyment of not being assisted is keenly appreciated by the little soul. If a box of water color paints is added to the outfit, so much the better. And, by the way, these colors are made harmless for these embryo artists, so if the brush should find its way into the little mouth no serious consequences follow.

**A Utility Shower.**  
A dozen girls planned this shower for a recent bride. It was rather unusual and very enjoyable. The hostess asked them all to meet at her house informally at 2 o'clock, asking the bride-elect to be there at three. In this way she had time to explain her scheme which was as follows: She has materials to make these articles: a

dust cap, three holders, a broom bag, ironing holder, laundry bag, a kitchen apron, clothespin bag, roller towel, several dusters of cheese cloth and a half dozen dish cloths. The entire cost was divided among the 12 and the materials wrapped in tissue paper and hidden throughout the rooms.

Upon the arrival of the honored guest they chatted awhile and then the hostess announced that a little fairy had confided to her that there were packages of value secretly hid about the house, and that it was her duty to find them. She pronounced this a "utility" shower and it certainly was practical, for the guest of honor said her mind was so in the clouds that the articles presented had never been thought of. Delicious tea was brewed by the hostess, accompanied by thin bread and butter sandwiches filled with orange marmalade, bon-bons, and small cakes. The guests assisted in serving. The hostess was a bride of six months, so she knew from experience what a new housekeeper would need.

MADAME MERRI.

## IN VOGUE

Fruit trimming for hats for early fall include tiny white apples, white raspberries and white peaches. Rhinestone trimmings are by far the most showy and effective as well as beautiful trimming of the season.

Single ornaments of pampasemerie are attached to linen collars in some cases in place of ordinary ties or bows.

White, cream and fancy serges, comprising black hairline stripes on white grounds, are great favorites of the moment.

The new changeable taffetas come in double width and are most advantageous for cutting. Many exquisite combinations for blouses can be had—a popular one being gold and the new hydrangea blue.

A great favorite is the new material called velour de laine—a mixed suiting, almost like camel's hair. It is particularly effective in a white diagonal stripe and there are variations in tan, light blue and gray.

**Persian Velling.**  
Parisian women are searching for Persian velling, the more elaborate and the older the better. No inclination to use them as face coverings has manifested itself; the ladies are more tired of Russian embroideries.

## SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. Forty-two years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

**Mrs. Lynch Also Avoided Operation.**  
Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed. 'Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman.'—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

**Showy Footwear in Russia.**  
All Russians have a weakness for handsome footwear, and the result is that there are more showy boots worn in the czar's empire than anywhere else on earth. This preference extends to the women as well as the men.

**What a "Twister" is.**  
In life insurance parlance the "twister" is that smooth-tongued emissary who goes about trying to persuade you to surrender your policy in a company with which you are perfectly content, on the ground that the rival company which he represents will surely yield better results.

**The Duty of Art.**  
Every gay, every bright word, or picture, like every pleasant air of music, is a piece of pleasure set afloat; the reader catches it, and if he is healthy, goes on his way rejoicing, and it is the business of art to send him as often as possible.—R. L. Stevenson.

## PORT CLYDE

A public installation of the officers elect of the *Hermione* Temple, No. 2, was held at K. P. hall, March 1. Much praise is due District Deputy Catherine Sobel of Camden for the very fine manner in which she installed. She was ably assisted by Grand Senior Frances Fish and Grand Manager Edith Fuller of Camden. The officers were crowned with flowers symbolic of their stations, by Marion Skinner as Flora and Greta Myers as Laura Wilson as flower girls. After this ceremony tableaux were presented, making this part of the ceremony very beautiful. The flowers of the order were represented at each station. After seating the officers an installation drill was presented, consisting of 16 sisters with Mrs. Jessie Myers and Mrs. Jennie Patch as leaders. Each sister was dressed in white and carried a wand. Much credit is due Brother Brennan for drilling them. Emblems were made by Grand Officers Bro. Sobel and Bro. Wilby. Refreshments were served after which an informal dance was held in the lower hall. Last but not least the Temple thanked all who furnished music. There was an unusually large attendance and *Hermione* Temple hope for a prosperous year. The officers installed are as follows: P. C., Lizzie Barter; M. T., Ada Brennan; M. R. C., Jessie Myers; E. S., Lizzie Robbins; M. E., Arvilla Skinner; E. J., Fannie Wallace; P. T., Annie Elder; G. O. T., Elsie Freeman.

## FREEDOM

W. A. Overlock fell from the eaves of his house recently, while cleaning out the gutter. His left shoulder was dislocated, the bone between shoulder and elbow was cracked, his wrist sprained and he was badly bruised. He is gaining slowly but has no use of his arm yet.

Mrs. Anna Thurston and son P. D. Thurston were at C. P. Hutchins' Monday.

R. L. Overlock is doing some carriage work in W. A. Overlock's shop.

George Dow and Miss Ruth Knoplin of Liberty were at W. A. Overlock's Sunday.

**Muscle of the Hawk.**  
There is not much to be said for hawk music, yet the voice of the forest would lose the charm of its wild-note were this great bird extinct, and it is because it is wild and different from sounds of every day that we love it. Then, as a picture seen from afar, the forest would never be complete without these birds of tireless wing hanging over it, and reigning upon their thrones of air.

**Their Vision Dimmed.**  
How many learned men are working at the forge of science—laborious, ardent, tireless Cyclops, but one-eyed!—Joubert.

**Chamberlain's Cough Remedy** has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by Norcross' Drug Store and C. C. McDonald's Drug Store, Thomaston.

**Asthma! Asthma!**  
POPHAM'S ASTHMA REMEDY gives instant relief and an absolute cure in all cases of Asthma, Bronchitis, and Hay Fever. Sold by druggists; mail on receipt of price \$1.00. WILLIAMS' MED. CO., Prop., Cleveland, Ohio. For Sale by W. F. Norcross, Rockland.

**Overcome Indolence First.**  
The first step in the discipline of the mind is the overcoming of indolence. This is the easiest step, and until it is perfectly accomplished, the other steps cannot be taken.—James Allen.

**State Masters Re-Elected.**  
It is a decided tribute to the leadership of the past year and years, in many grange states, to know that in nearly every state where a grange election was held this year the state master was re-elected for another term, while associate officers, in the state grange lists, were also very largely continued for another term.

Some of the state masters who have just been re-elected for another two years term are as follows: In California, E. T. Pett; in Iowa, A. B. Judson; in Illinois, Robert Eaton; in Minnesota, Mrs. Sarah G. Baird; in New Hampshire, Richard Pattee; in Massachusetts, Charles M. Gardner; in Indiana, Aaron Jones; in Maine, C. S. Weston; in Connecticut, O. B. Peck.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale at Norcross' Drug Store and C. C. McDonald's Drug Store, Thomaston.

**Competence and the Morals.**  
There is no harm in having a competence, if it does not produce fatal degeneration of the morals.

**Free Scholarships.**  
Granges all over the country are taking up the idea of offering free scholarships, in various higher institutions of learning, for ambitious young members of the order who are willing to work to win. In some states the number of such scholarships is large, while others are just starting the plan. Altogether it is a distinctly educational phase of grange work that is coming rapidly to the front.

Free vaccination will be given to any school children who may call at the office of Dr. M. P. Jenkins on Spring street, for that purpose. By order of the Board of Health.

Important to all Women

Readers of This Paper.

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and less dependent; it makes any one so.

But thousands of irritable, nervous, tired and broken-down women have restored their health and strength by the use of Swamp-Root, the great Kidney, Liver and Bladder Remedy.

Swamp-Root brings new life and activity to the kidneys, the cause of such troubles.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive sample bottle free by mail. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

## THE NATIONAL GRANGE

Conducted by Charles M. Gardner, Editor  
62 N. National Grange, Westfield, Mass.

FUTURE OF ORDER BRIGHT

Change of Officers and Policies Insure Harmony and Prosperity, and Larger Results Sure.

So much has been said during the past two years concerning the controversy in the National Grange, including a great deal that was wholly without foundation, that all will be interested to know that in the choice of new officers and the adoption of considerably changed policies for the future, the difficulty has been very largely adjusted and the outlook for the future of the order is very bright.

In this connection a recent editorial in the National Grange Monthly, the official publication of the grange, and whose utterances must therefore be considered of importance, gave a most illuminating summary of the present changed situation of the National Grange, that is worth the reading by all who desire to know the facts about the National Grange. It said in part as follows:

"With all its other noteworthy achievements, the recent session of the National Grange at Columbus was more than all else remarkable for the advance step taken in the adjustment of its own affairs and for the departure upon a new era of National Grange prosperity and promise. With positive truth can this assurance be sent forth to every patron in the country, with all the courage and hope for the future that such an assurance conveys.

"No one can read the outline of the new policy adopted without realizing that the grange position of today is all that can be demanded—strong, broad and energetic; while no one can fail to read in it a more progressive and vital note than has ever been seen before. The grange is waking up, new forces are at work, new blood has been infused, new thought is in control, new and larger results are sure.

"In its leadership the change wrought by the Columbus session is clear-cut and distinct. Some who have long been in control have stepped down, former forces of influence no longer prevail, the old alignments have been broken, new hands are at the helm. Especially is this true of the two men, who more than any others, will shape the destinies of the National Grange—its master and its lecturer. Holding to a marked degree the confidence of the patrons everywhere, free from every entanglement that could embarrass their administration, representing specifically two of the greatest agricultural states in the Union and yet leading the thousands of members from all the states—Messrs. Wilson and Hull assume the administration of these two supreme important offices in the National Grange under circumstances that may well inspire courage and hopeful expectancy in the heart of every member of the order everywhere.

"It is true that the Columbus session failed to bring every voting member to exactly the same line of thinking; and there were as spirited contests the last day of the session as the first. But no thinking person could expect that such unanimity could ever prevail—it would not be creditable to the organization that it should. Truer words were never spoken than these: 'We acknowledge the broad principle that difference of opinion is no crime and hold that progress towards truth is made by differences of opinion, while the fault lies in the bitterness of controversy—a trilemma from the Declaration of Purposes of the grange itself. Bitterness was not present in the Columbus session, many concessions were made on all sides, some misunderstandings were cleared away, fairness eminently prevailed, there was no iron-clad alignment of votes—it was truly a session of progress.'

**State Masters Re-Elected.**  
It is a decided tribute to the leadership of the past year and years, in many grange states, to know that in nearly every state where a grange election was held this year the state master was re-elected for another term, while associate officers, in the state grange lists, were also very largely continued for another term.

## CUSHING

Clarence E. Dolham of Somerville, Mass., Mrs. Medora Roscoe of Thomaston and Laurence R. Alet and Rena Dolham, George Stevens and Roy Mitchell of Warren attended the funeral of Mrs. Sopronia Seavey at Pleasant Point, Feb. 25.

Mrs. Caroline Geyer has sold her cow to Randall Davis of Friendship.

Mr. and Mrs. Fred Geyer and daughter Mildred were guests of Mr. and Mrs. Hiram Chadwick at Friendship, Long Island, Sunday.

A. R. Rivers is ill at this writing and is attended by Dr. Hahn of Friendship.

Sammie Olson, son of Mr. and Mrs. John Olson was badly injured last week while helping his father saw wood with a gasoline saw, when a stick, flying from the saw hit him in the mouth, necessitating the aid of a physician to sew up the cuts.

Friends of Mr. and Mrs. E. B. Hart were glad to see them moving back to their home here from Rockland, where they have been since last fall.

Myrtle Wotton has returned from a visit with relatives in Rockland.

Bert Geyer has moved to the home of his mother, Mrs. Caroline Geyer.

Mrs. Ina G. Seavey is the guest of relatives at Hathorne's Point this week.

Miss Geneva Beckett recently visited relatives and friends in East Friendship.

Mrs. Sopronia Seavey who died Feb. 23, was born in Cushing, April 5, 1844, the daughter of William and Ann M. (Hyer) Roscoe. In early life she was married to Raiborn Robinson, and this union was blessed with seven children, five of whom survive. She was left a widow at an early age and was married to Mr. Seavey of this place. One daughter, Mrs. Evelyn Marshall with whom she had resided the greater part of the time, for the past few years and who so kindly cared for her and ministered to her every want during her last illness, assisted by her late husband. The surviving children by the former marriage are as follows: William L. Robinson of Lecomister, Mrs. Agnes M. Hastings of Warren, Mrs. Sarah F. Dolham of Somerville, Mrs. Arcthusa Harding of Warren, who were all present at the funeral. She also leaves ten grandchildren and three great grandchildren; also one sister, Mrs. Hertha Cummings of Lecomister. Her death was caused by goitre, which had been forming for more than a year. She was of a sunny cheerful disposition and none knew her but to love and respect her. She will be greatly missed in the home, where her kindly words and deeds were ever present, being an ideal wife, mother, grandmother and friend to all who were related to her or associated with her in any way.

Funeral services were held from the home of her daughter, Mrs. Evelyn Marshall, Sunday, Feb. 25 and were largely attended. Rev. Mr. Carter of Friendship officiating. The floral offerings were many and beautiful, interment was at Pleasant Point in the family lot. Much sympathy is extended to the bereaved family.

You judge a man not by what he promises to do, but by what he has done. That is the only true test.

Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by Norcross' Drug Store and C. C. McDonald's Drug Store, Thomaston.

There were preaching services at the chapel Sunday conducted by Rev. T. P. Jones of South Somerville. A service will be held Mar. 10, weather permitting.

B. Ware, J. F. Davis and Jerusha E. Jones attended probate court at Rockland, Feb. 20.

Wilbur DeCoster went to Augusta Saturday to visit his mother, Mrs. Angeline DeCoster, who is seriously ill at the home of her daughter, Mrs. Chester Overlock.

Hilton B. Wright, who has been in poor health for a long time is no better.

Jerusha E. Jones spent Saturday with Mrs. Elizabeth Rollins.

Life Guards

The Life Guards are two regiments of cavalry forming part of the British household troops. They are gallant soldiers, and every loyal British heart is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements as colds, influenza, catarrh, the grip, and pneumonia, do in the stormy month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.

NORTH WARREN

A large number from this place attended Pomona Grange in East Union last Saturday.

Hattie Jones of Union spent Sunday with Gladys Merry.

Warren Hills, who has been visiting his sister in South Waldoboro, has returned home.

Mrs. Herman Calderwood is working for Clifford Mank.

Headaches and Their Treatment.

In treating a headache, there is one safe rule to follow:—Never use any medicine containing acetanilid or similar coal-tar derivatives without the advice of your physician. They may give temporary relief, but they almost never reach the cause of the trouble and are likely to weaken the heart. The most common form of headache, frequently called sick headache, arising from a disordered stomach, may be avoided by care in the choice of food. Shun pastry, candy and rich food, take time to eat, chew your food thoroughly and keep your bowels in good condition by using one-half to one teaspoonful of L. F. Atwood's Medicine after each meal. This old reliable remedy has been a perfect blessing to thousands for sixty years. Get a bottle today, and prove it for yourself. Any dealer has it for thirty-five cents, or we mail a free sample on request. L. F. Medicine Co., Portland, Me.

EAST WARREN

Mrs. Agnes Meserve of Rockland was the weekend guest of Mrs. Charles McKellar.

Mrs. Frankie Fick of Camden is the guest of her parents, Mr. and Mrs. A. G. Robinson.

The first and second degrees were conferred on two candidates at Highland Grange last Saturday night.

The third and fourth will be worked by South Warren Grange next Saturday night.

Rev. Mr. Webb of Warren will be conferred on Sunday at 2:30. Everybody is invited.

Mr. Keating is recovering rapidly from his recent illness.

Harry Swift was one of the few that had a birthday Feb. 29. He is a promising young man and master of Highland Grange. Last Saturday night the Grange members remembered him with a surprise party and a shower of post cards. Refreshments of home made candy were served and greatly enjoyed by all.

A large number from this part of the town attended town meeting at the village.

Miss Katherine Gregory spent last Wednesday with Mrs. McKellar.

After the grip or other serious illness, Hood's Sarsaparilla is the medicine to take to restore the appetite and strength.

Pride in Training.

Only well-bred saved people are used to having things done with pride in saving. They who have never had breeding or training and have never been used to having anything known of saving. Most mental and nervous and spendthrifts believe something and big tipping and wide spending a sign of big folk; ay, even of decency.

Unkind.

"Bliggins thinks he is keeping his light under a bushel." "Perhaps he is wise," replied Miss Cayenne; "his light is probably so small that it would go out if he let a draft got to it."

Most People Can't Set Them.

"We would willingly have others perfect and yet we amend not our own faults."—Thomas a Kempis.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale at Norcross' Drug Store and C. C. McDonald's Drug Store, Thomaston.

Must Be Either Good or Bad.

"A man's mind may be likened to a garden, which may be intelligently cultivated, or allowed to run wild; but whether cultivated or neglected, it must, and will bring forth. If no useful seeds are put into it, then an abundance of useless weeds will fill therein, and will continue to produce their kind."—James Allen.

Worry Cause of Hypochondria.

The most common disease caused by worry is hypochondria. Its victim is the man or woman who worries that he or she is going to be ill every time he or she feels indisposed. Physically they are strong and normal, but they suffer from a mental disease which is a variety of morbid worry.

You can say goodbye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale at Norcross' Drug Store and C. C. McDonald's Drug Store, Thomaston.

BABY'S FUTURE

## CAMDEN OPERA HOUSE

Leased by Rosenberg Amusement Company

Camden people will soon be treated to Keith's high class vaudeville, as Manager A. W. Rosenberg of the Rockland Theatre has leased the Opera House for a term of years, he intends to establish the same policy in the Camden Opera House as in the Rockland Theatre, by presenting nothing but the best and refined vaudeville, exclusive picture plays and first class attractions. Mr. Rosenberg will give his own personal attention in the booking of vaudeville, selecting pictures and attractions. He expects to open the house by the 18th of this month.

## CAMDEN

## Every Rockland Druggist

Sells and positively guarantees TOILETINE to be the most wonderfully effective remedy for healing every inflammation. He will cheerfully refund your money if a thorough trial of TOILETINE in your own home does not convince you that this is so.

## TOILETINE

Reg. U.S. Pat. Off.

Soothes and Heals

For nearly a quarter of a century thousands of families have found TOILETINE the most effective and reliable remedy for general household use. Thousands of families today keep TOILETINE constantly in the house ready for immediate use, because they find it unequalled for curing a sudden cold, an alarming attack of croup, or for any throat trouble. They know that it heals cuts, scratches, burns, bruises and other wounds quicker than anything else they can use.

## THE HON. JOSHUA L. CHAMBERLAIN

(Ex-Governor of Maine and former president of Bowdoin College) has said, "In such use of Toiletine as I have made it has proved to be all that you claimed for it. Members of my family prize it highly."

## A PROMINENT MINISTER'S WIFE

writes, "A lady told me that Toiletine had helped her aunt's cough. She recommended it so highly that I bought a bottle. It was so useful that I have bought dozens of bottles since. I have used it to cure running colds—it has often cured a cold in one day. I have used it to a man suffering from chronic piles—it helped him wonderfully. I have taken it internally for coughs and for stomach trouble—it is very soothing. I do not feel that I can live without it and be comfortable." (Name and address will be given on request.)

## FROM MAINE TO SEATTLE, WASHINGTON

A Seattle woman says, "A friend of mine from the state of Maine was out here on a visit, and when she went home she gave me her bottle of Toiletine. I don't feel that I can get along without it after having used one bottle. I never had anything in the house that I use for so many things as I do your Toiletine, and it has never failed me once."

What TOILETINE has done and is doing every day in many thousands of other homes we know it will do in yours, and we want you to

J. L. Griffin of Rockland called on friends in town and visited his father J. L. Griffin last week.

## In Social Circles

Mrs. James F. Carver, who has been receiving treatment at the Hanscom hospital for several weeks, was able to return to her home on Broadway, Monday, and is gaining strength.

Mr. and Mrs. Charles Mitchell have returned from a week's visit in Boston.

Mrs. H. A. Buffum arrived home Tuesday night from a visit of several weeks in the South.

Harriet A. Hall entertained twelve of her little friends Wednesday at her home on Ocean street, in honor of her sixth birthday. Games were played, the prizes being won by Kathleen Blethen, Elmer Rising and Robert McFarland. At 5 o'clock refreshments were served. The decorations of the dining room were red and white, the center piece being a white cake with six red candles. At this hour everything was merry. Seven o'clock arrived all too soon to suit the young guests, who agreed that Miss Harriet had entertained them royally. The little hostess was remembered with many pretty presents. There were present: Madelyn Stover, Kathleen Blethen, Evelyn Harrington, Nellie Snow, Harriet Hall, Virginia Snow, Wendell Thornton, Elmer Rising, Robert McFarland and Charles S. Hall Jr.

Mrs. James A. French thanks all those who so kindly remembered her, on the occasion of her birthday, March 1st, with cards and gifts; a kindness all the more appreciated, as at that time she was suffering from a severe attack of illness, from which she is now, however, convalescent.

Mrs. Georgia Manson was called this week to South Gardiner by the critical illness of her sister, Mrs. Samuel Marston.

Miss Lou Thorndike returned Thursday to her home in Boston after a visit with friends in Belfast and Rockland.

at an unheard of rate. At 10:30 the guests were summoned to the dining room, where clouds of hot steam rose from a delicious clam chowder, which was flanked by hot coffee and other fixings. The clams were extracted from the Ash Point flats by Capt. Bob, who bestirred himself mightily when he heard of the proposed siege. The journey to and from Ash Point was made in Carl Ross' ice team, which was equipped with settees and blankets. This will explain the mysterious screams and outcries which summoned many sound sleepers from their comfortable beds in the neighborhood of mid-

night. The awakened ones probably did not think the sounds emanated from "the water wagon," much less an ice cart.

Mr. and Mrs. J. R. Flye return today from Brooklyn, where they were called by the death of Mrs. Flye's father, Capt. McIntosh. The deceased had many friends in this city, who will learn of his demise with deep regret.

## ROCKLAND THEATRE

Week End Bill at Rockland Theatre Contains Many Good Features

With each change of vaudeville now-a-days Rockland Theatre presents some feature extraordinary, this week end bill contains some of the best features ever seen in this city.

The Empire State 4, comedy quartet, pleased with an excellent vocal program in addition to which the funny Hebrew comedian managed to keep the audience on the joy side of life. Quartets always find favor in this city, and the Empire state is no exception to the time worn custom. Maye and Addis, two very clever ladies, deliver a number of original songs, interspersed with dialogue that is ridiculously funny.

The management is making extra efforts to make the Saturday matinee one of the greatest and best. The above bill of features will appeal to both little ones as well as grown ups. The picture plays are especially well selected consisting of comedy and dramatic of the better class, among them which no doubt will please the little folks called "Arizona Bill" a Western cowboy picture with many thrilling scenes. Manager Rosenberg has made extensive plans for next week's show. A program of features that will be little better than compare with anything ever witnessed in Rockland. Heading next week's big bill is Yugel & Tailor who are classed among the real comedy singing and talking novelty artists. The Smilletta Sisters, charming girls who do a marvelous wire and contortionist stunts. An added attraction and a special treat to all Rockland Theatre goers of next Monday, Tuesday and Wednesday will be given by Miss Louise Mack, who formerly appeared here with "Toby Lyons" in his big song show. Miss Mack while visiting Mr. Lyons here will entertain the audiences of the above dates with some of Toby's latest song hits illustrated with slides.

## FINE VESSEL LOST

Schooner Helen Thomas Built by Washburn Bros., Wrecked on Cape Charles Shoals—The Crew Saved

An Associated Press despatch from Norfolk, Va., dated Tuesday, tells of the destruction of a former Thomaston vessel, as follows: "The four-masted schooner Helen Thomas of Boston, from Port Tampa, Fla. to Baltimore, with a cargo of phosphate rock, struck on the Cape Charles Shoals while entering the Virginia Capes during thick weather early today and will probably be a total loss.

Her crew of 11, including Florence Mills, the stewardess, took to life boats and were picked up by a tug after suffering from exposure and brought here. The Helen Thomas was built in Thomaston, Me., in 1903 and hailed from Boston. The vessel was owned by Crowell & Thurlow, ship brokers, of Boston.

The Helen Thomas was built by Washburn Bros., and sold by that firm to Crowell & Thurlow. Her commander was Capt. William J. Lermond, who was commander of the Washington B. Thomas when that schooner was wrecked near Old Orchard in 1903.

Tuesday's despatches from Norfolk said: "The northeast gale that has prevailed on the coast since the four-masted schooner Helen Thomas of Boston, went ashore on Cape Charles Shoals early yesterday has caused the vessel to go to pieces and she is a total loss. Capt. Lermond, who stood by the ship when his crew of 11 men and a stewardess abandoned the vessel in the lifeboats, was taken off the ship early today by the revenue cutter Onondaga and landed here. The cutter managed to save a few articles from the Thomas."

## THE REAL JIM STEWART

Did Not Leave Brooklyn During the Week of Rockland's Fake Fight, His Manager Says

Any doubt that might have been entertained as to whether it was really Jim Stewart who was knocked out by Billy Mack the other night was settled Tuesday when The Courier-Gazette received the following letter from Stewart's manager: "Brooklyn, March 4, 1912—Stewart was not away from Brooklyn during the last few weeks. He is now training for his return match with Carl Morris whom he beat Feb. 12. So you see some one deceived the public, and probably the Club, in that but I see advertised in the papers. Will you be kind enough to publish this in your paper in fairness to a good fighter like Stewart. Yours in sport F. W. Grundy."

As the hoax was duly exposed in both of the local papers, the real Stewart is not likely to have any corners knocked off his reputation. As to this man Billy Mack, well, he is entitled to membership in a certain club said to have been originated by one Theodore Rocknevelt, which begins with a capital A.

## WAS STRENUOUS YEAR

Exciting Occurrences Figured in Vinalhaven's History During the Year 1911

The year 1911 was an important and interesting one in the affairs of the town of Vinalhaven, at the request of George Roberts, whose present residence in Rockland has not altered his interest in his native town, we republish the following from an historical sketch of Vinalhaven published some years ago.

This year it was voted not to have any schools, and \$400 was voted for roads, \$350 for current expenses and \$43 for collecting taxes. At the meeting in May Cyril Brown was elected Representative, and a committee was chosen to remonstrate against the removal of the courts from Castine.

At a subsequent meeting it was voted that the town make application to the state government for sixty guns and a supply of powder. In this, the second year of the war with England, our mariners were greatly harassed by the enemy and the coast was so beset by their warships that it was unsafe for any vessel to put out to sea.

In June or July an occurrence, of which the White Island was the scene of action and the settlers of those islands the actors, will be of interest to the readers of this little volume. The British schooner "Fly" while lying in the roadstead at Owl's Head, flying American colors, had captured five or six coasters, two or three of which managed to escape by being run upon the beach, after having received orders from the British. Eaton, in his history of Thomaston, etc., says:

With her three prizes, the privateer stood out of the harbor and stretched across the bay towards the southern extremity of the South Fox Islands, where, in one of the most romantic harbors (White Island) on our coast, they all came to anchor. The sun had now set, and a brisk northeast wind, which has been sweeping all day over the water, had died away, leaving a long ground swell heaving in upon this rock-bound and apparently uninhabited island. In this secluded spot, in anticipation of uninterrupted security, (a small white boat only being seen to enter the harbor), the privateer commenced putting on board the Oliver (one of the prizes) the goods taken from the other two prizes. But by means of that boat, it afterwards appeared, the inhabitants, notwithstanding the ominous silence that prevailed, had been warned of their proximity to a British privateer, and, as soon as the dusk of the evening had begun to gather, men collected from every nook and corner with musket, pusee, and fowling-piece, ready to give her battle at early morn.

At its coming, the men of the privateer were busily engaged in finishing the transfer of the goods, while the fishermen from their well selected positions were watching unobtrusively these operations. "What schooner is that?" cried, at length, a voice from the shore. "The Shear Water, of Baltimore; won't you come on board?" replied the captain of the privateer. "No; but we invite you to come ashore." "I'll see you dead first," replied the officer. This abrupt answer caused a simultaneous fire from the land in all directions. The captain of the privateer fell at the first discharge, having two balls struck through his body. Taken so completely were the officers and crew by surprise that they sought safety below; while their boat was ordered ashore and captured.

There they were, seventy-five in number, driven from the deck; and not a solitary being could show his head without being shot. But the inventive genius of man always great-est when put to the severest test, was called into requisition, and one man, stimulated by the dying injunction of the captain "not to be taken," volunteered his services to cut the cable. He accordingly ventured under deck, and by creeping along under the hammock nettings, succeeded in accomplishing his object. But while the act of passing below the halliards of the cable, he was suddenly and deeply paid for his temerity, for the bullet of some correct-sighted fisherman shattered his under jaw. He fell.

but succeeded in creeping below. Changeable as fortune had thus far been to this luckless vessel, a ray of hope yet lingered among her crew, and an attempt to escape was resolved on. To keep in check in some measure the continual pelting which they were receiving, it was proposed to open fire from the main hatch, but in the first attempt to do this, a well-directed bullet grazed the beard and lip of the venturesome Englishman and lodged in the combings of the hatch.

The plan was then abandoned as futile in the extreme. But a gentle breeze and favorable current came to their assistance, and, by hoisting the jib and mainsail and manning to steer the vessel by means of a bayonet and musket thrust through the sky-light, they at length got out of harm's way and finally made their escape, leaving the brave and hardy fishermen of Fox Islands the successful captors of their boat's crew and the three prize vessels. The same writer says that Captain B. Webb, who gave an account of this adventure, was a prisoner with four others on board the privateer, and that subsequently they were given their liberty, and landed on Matineus rock.

### CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should not Be Disregarded

Appetite is just a natural desire for food. Loss of appetite, or distress after eating, indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies through disregard or abuse of the stomach. We urge all in Rockland who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote better nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store—P. H. Call, 364 Main St., Rockland.

## FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads February because it is sure to cover her face with ugly freckles. No matter how thick her veil, the sun and winds will surely make her freckle.

Fortunately for her peace of mind, the recent discovery of a new drug, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine will remove them. Get an ounce package from C. H. Pendleton and banish the freckles. Money back if it fails.

### Glorious News

comes from Dr. J. T. Curtiss, Dwight Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter salt rheum, ulcers, boils and running sores. It stimulates the liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by Wm. H. Kirtledge, G. I. Robinson of Thomaston, R. W. Wiley of Vinalhaven.

### EAST LIBERTY

Mrs. Osmond Collins, who has been in Knox hospital, for surgical treatment has returned home much improved in health.

Mrs. Effie Jackson Gordon was called to the Kingdom in Montville Saturday to assist in caring for her niece, Mrs. Freda Carl Wellington, who was seriously ill. Mrs. Wellington lived only a few hours after Mrs. Gordon's arrival. Much sympathy is extended to the bereaved husband, Burnett Wellington; also to her parents, Mr. and Mrs. John Carl. She also leaves an infant son who will never know a mother's love.

Miss Beth M. Jackson is visiting her aunt Mrs. George Daggett in Belfast.

The high school at Liberty has closed for a week's vacation. Mrs. Lucinda H. Cessay fell while ascending the stairs Wednesday, laming her so that she is unable to walk at present.

Charles Connor, who underwent a surgical operation in the Homeopathic hospital, Boston is suffering severely at present, but it is hoped by his large circle of friends that he may be better soon.

John Adams and family visited at Carl Adams' Sunday.

### UNION

Cooper Corps held its regular meeting March 1st, with an unusually large attendance, as there is illness in the family of several, who usually attend. At this meeting three ladies were elected to membership and plans are being made to have them initiated at the next regular meeting. This Corps will be 27 years old May 7th. As it has already initiated 101 members including 10 in the last 14 months plans are being made for a little anniversary program at this time with a short history of the Corps since its organization. After the program refreshments will be served. It is hoped all members will be present.

### SOUTH APPLETON

Frank Lamson sold a cow to Ormond Keene of North Appleton recently.

While the Misses Aletha and Bernice Butler were out sleigh riding a short time ago their horse was taken by a bull dog in front of Dr. Williams' house. The horse was badly frightened and the sleigh was upset, throwing the young ladies out. Miss Butler had presence of mind enough to hang onto the reins and was dragged nearly ten rods. They were very fortunate to escape serious injury.

Nelson Keene of North Waldoboro was the guest of Mr. and Mrs. L. W. Butler last Saturday and Sunday.

Miss Ester East Bridgewater, who has been visiting his father, Vinal Messer, has returned.

Mrs. Charles Heath, who has been visiting Mrs. Sayward the past week, has returned home.

Mrs. Nellie Ripley of Camden, formerly of South Appleton, who underwent a serious operation about eight weeks ago, is greatly improved in health.

A large number from this place attended Pomona Grange at East Union last Saturday. All reported a fine time.

Mr. and Mrs. Herbert Robbins and daughter Elizabeth of Searsmont were guests of Vinal Messer last Sunday.

Aletha Butler was in Camden last week. The people in this place have harvested their ice and are now busy with their wood piles.

### To Mothers—And Others

You can use Bucklen's Arnica Salve to cure children of eczema, rashes, tetter, chaffings, scaly and crusty humors, as well as their accidental injuries—cuts, burns, bruises, etc., with perfect safety. Nothing else heals so quickly. For boils, abscesses, old running or fever sores or piles it has no equal. 25 cents at Wm. H. Kirtledge's, G. I. Robinson's of Thomaston, R. W. Wiley's of Vinalhaven.

### STONINGTON

Patsy, a beautiful Boston terrier, owned and much beloved by Mrs. Will H. Goss of Stonington is dead. Patsy was remarkably intelligent and affectionate and long will she be missed in the home she has watched over so faithfully so many years. There are no other dogs in Rockland that knew Patsy and loved her and they will be sorry to know that she is dead.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. Whenever the cause is found and removed, no matter how long standing, deafness can be cured, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever. We will give One Hundred Dollars for any case of deafness cured by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### Egyptians Great Fish Eaters.

In the intestines of mummies of 3,000 to 4,000 B. C. have been found vegetable fibers, grain, bones and scales of fishes, and bones and teeth of rodents. Several Nile fishes were identified. One woman had eaten 20 different kinds of fish just before her death and a child had taken a dose of mlec, an old remedy for children's diseases.

### Repels Attack of Death

"Five years ago two doctors told me I only had two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cleared the grave of another victim." Its folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at Wm. H. Kirtledge's, G. I. Robinson of Thomaston, R. W. Wiley of Vinalhaven.

### The Determination to Do.

"The longer I live, the more deeply am I convinced that that which makes the difference between one man and another—between the weak and powerful, the great and insignificant, is energy, invincible determination—a purpose once formed, and then death or victory."—Fowell Buxton.

### IN HOMEOPATHY'S INTEREST

Homeopathic physicians of this city have received announcement of a plan of the American Institute of Homeopathy to raise a \$1,000,000 endowment fund to be used in the interests of homeopathy in the United States. The fund will be for the purpose of maintaining the work of the American Institute and to assist approved homeopathic colleges and institutions in all parts of the country. Homeopathic physicians of this city as well as others in every state are vitally interested in the endowment project. The movement will receive the support of the membership of the American Institute, the national organization of homeopaths, which represents every section of the country. The endowment will be used to further the homeopathic principle of the practice of medicine, promulgated by Dr. Samuel Hahnemann of Germany, in 1810. The basic law of this school is that diseases are cured on the principle that like cures like, that a drug, when homeopathically administered, will remove disease symptoms similar to those which the same drug produces when taken in larger doses by the healthy individual.

### WALDOBORO

## Mechano-Therapy

Is the stimulation of physiological action, by mechanical manipulation of the body, a natural scientific system of equalizing the circulation, increasing combustion, which facilitates the natural elimination of a diseased condition.

### PERMANENT HEALTH THROUGH PERFECT CIRCULATION

This is ever the watchword of the Mechano-Therapist. Disease cannot exist when good blood is being driven through every fold of the human body, by the aid of the manipulations which the Mechano-Therapist practices.

The work of the Mechano-Therapist is to bring about by purely natural agencies the definite and final restoration of durable health. He renders the system exact, physiologically, makes it possible with certainty for the body to readjust its functions, reassume its balance and become normal. Normal health is, of course, physical happiness or freedom from pain. Freedom from pain is the natural condition of the body.

Nature loves harmony, and disease is discord. My business is aiding nature to dispose of this unwelcome discord. I accomplish this by means of a physiological, scientific system of manual manipulation of the structure, which by accelerating the circulation, increases combustion and so facilitates the natural elimination of a diseased condition. This is the object and certain result of my treatment.

I start with a ground work of anatomy, physiology, and pathology. I know the nature of the ailment, the structure of the parts and their function in health. I proceed by a complete system, tabulated, verified and exact, to eliminate the diseased condition, by mechanical manipulation of the entire body.

### OUR METHOD

Of treatment is not the old style of massage. We treat in a scientific and mechanical manner to remove the cause originating the trouble, thus aiding nature to restore you to health.

### WE TREAT SUCCESSFULLY

Constipation, Diseases of the Liver, Indigestion, Diseases of the Urinary Organs, Bright's Disease, Rheumatism and Gout, Lame Back and Lumbago, Stiff Neck, Sciatica, Sprains, Neuralgia, St. Vitus Dance, Diseases of the Respiratory Organs, Pulmonary Tuberculosis, Bronchitis, Asthma, Pleurisy, The Schott Method for Heart Disease, Curvature of the Spine, Flat Foot, Deformities arising from Paralysis, Locomotor Ataxia, Apoplexy, Anemia, General Weakness, Insomnia, Obesity, Catarrh, Laryngitis and Pharyngitis, Disorders of Digestion, and all Female Troubles.

For four years I have made a careful study of this subject, and have just returned from taking a thorough practical and clinical course in the American College of Mechano-Therapy in Chicago and chartered by the State of Illinois.

In the solicitation of patronage, I guarantee my patients the best care and attention either at my office or your homes.

Consultation free. Office hours: 9-12 a. m.; 1-5 p. m.
